Notice of Special Needs Scholarship Program

This notice serves to inform parents and guardians of students with disabilities that the State of Wisconsin has established the Special Needs Scholarship Program. Under this scholarship program and as further specified in state law, a child with a disability may be eligible to receive a scholarship from the Department of Instruction (DPI) that allows a child to attend an eligible private school that is participation in the scholarship program.

This is a state-administered program. A parent or guardian who is interested in the Special Needs Scholarship Program should independently verify the participating private schools and the specific terms, eligibility criteria, and application procedures of the scholarship with the DPI.

Some of the initial eligibility requirements that a child must meet in order to receive a program scholarship that covers attendance at an eligible private school beginning in the 2016-2017 school year include:

- The child, or the child's parent or guardian on behalf of the child, must have submitted the required application for a program scholarship to the eligible private school that the child will attend.
- An individualized education program, or services plan as defined under 34 C.F.R. § 300.37 of the federal special education regulations, must have been completed for the child.
- The child must have applied to attend a public school in one or more nonresident school districts under the state's full-time open enrollment program (see section 118.51 of the state statutes) for either the 2011-2012, 2012-2013, 2013-2014, 2014-2015, or 2015-2016 school year, and all of the open enrollment application(s) submitted for any of those school years must have been denied for one of several specified reasons (including having the DPI affirm the denials if the parent or guardian submitted an appeal).
- The child must have attended a public school in Wisconsin for the 2015-2016 school year.

The initial eligibility requirements that a child must meet in order to receive a program scholarship that covers attendance at an eligible private school beginning in the 2017-2018 (or beginning in any later school year) are different from the requirements listed above.
